

Volunteers Needed!

Come out Saturday, November 3, 2007 from 9:00 AM to 4:00 PM to plant trees and shrubs along Back Brook at the Ditzel's Farm in East Amwell.

Projects like this have many benefits, including

- improving water quality,
- stabilizing stream banks, and
- providing habitat for native wildlife.

This is a good opportunity for individuals, families and organizations to have fun and help the environment.

Interested parties should contact Abigail Jones by calling 908-735-5502 x102 or email ajones@northjerseyrcd.org to sign up as a volunteer and get directions to the site.

Wear appropriate clothing for working outdoors, layered clothing for weather, long pants, long sleeves, closed-toe shoes, high socks, hat (optional). Bring a shovel and gloves if you have them. Some tools will be provided. This project is sponsored by North Jersey RC&D, U.S. Fish and Wildlife Service, and assisted by AmeriCorps. Thank you for your participation!!

Saturday, Nov 3, 2007
9 AM to 4 PM
